

# MOBILE APPLICATION PRIVACY NOTICE

Version, March 02, 2019

The privacy of all our users is very important to us. When you use our Service as an Application User, we process your Personal Data (as an Application Publisher). This Privacy Statement describes how we protect and process your Personal Data. We recommend that you read it carefully.

## 1. What is specified in this Privacy Statement?

The sections in this Privacy Statement give you information about:

- Types of Personal Data Processed,
- Personal data processing purposes,
- Where personal data are processed,
- Security measures to protect Personal Data,
- Liability limits for third parties,
- View, change, and delete your Personal Data,
- Changes to this Privacy Statement;
- What will you do if you have any questions or comments?

## 2. Types of Personal Data Processed

### A. Personal Data used by our Service

We use Anonymous Data to improve our service. This information will not be disclosed to the public through the Service.

### B. Automatically generated information

Like most other websites and online services, we collect and process information that is automatically generated about how you use the App. The information collected includes your ip address and / or your unique device ID.

If you choose to participate, the App can collect your geolocation information. In any case, you can block the reception of your geolocation information from your mobile device's settings.

If you specifically prefer to access and collect information from your social network account, your basic personal information (such as your name and email address) in your social network account, as well as your social network user ID (not your password), and the parameters related to the posts you share through the App. For more information on how to set up your account's privacy preferences to check the information that is accessible and accessible, please refer to the privacy policy of the social network.

This also happens with automatically generated information about how you use the App. This kind of information helps us better understand how the App is used and as a user helps us to produce the service that suits your needs.

If you enable the user provisioning features within the application, the following additional information is stored:

- Name,
- Email,
- Phone number (optional);
- Additional profile information sent by an external provider, such as Facebook, Twitter, Google+, or LinkedIn.

We also collect the following information to inform the application owner about the use of the application:

- When you open the application,
- The screens you open in the application and the time you spend on these screens,
- The moment you leave the application.

Note: If user provisioning features are enabled, we may associate anonymous information with your information when you log in.

### **C. Specific Information**

You may be asked to apply with some activities such as loyalty card, newsletters, advertising; in this case, some personal information is required. This information will be stored in the database of our service (including third parties) and will be shared with us. When you upload data, including photos in the application, it will be shared and will be visible to all other users of the application.

## **3. Personal data processing purposes**

### **A. Objectives**

The Parties process the Personal Data for the following purposes:

- To allow you to use the Service,
- To keep information about our service up to date,
- For the improvement and / or privatization of the Service,
- To identify you or to customize the Service,
- To recognize you and prevent fraud,
- To provide support,
- Communicate your Personal Data to third parties if you request it or we are legally liable.

### **B. Submission of Personal Data to third parties**

We do not sell, sell or rent your Personal Data to third parties without your prior permission. However, we may provide Your Personal Data to third parties where you are required to provide or provide for your Personal Data, such as making payments through pay providers for Paid Services.

We may provide "collective anonymous data" about the use of the Service by third parties for such purposes as we consider appropriate. "Total anonymous data" is data that cannot be returned to you and therefore is not counted as Personal Data. For example, we may use aggregated anonymous data to better understand how Users use the Service.

In case we connect to a third party or are merged with a third party or subject to a restructuring, your Personal Data may also be disclosed to third parties and / or transferred

to that third party. This third party will have the right to continue using the Personal Data and any other information you provide to us.

We may disclose your Personal Data in good faith to a court decision, in cases where we believe that you must comply with any other legal action or requests issued by a judicial proceeding, criminal or civilian subpoena or other law enforcement authorities, or to defend against legal rights or legal claims.

## 4. Where personal data is processed

The data center is kept within the scope of the data processing services located in different regions., Turkey, Ireland, the Netherlands, is provided by using hosting services located in the United States of America. However, the Personal Data processed may be transferred and stored to storage servers in a country other than those countries and regions. We will take all reasonable steps to ensure that your Personal Data is used securely and in accordance with this privacy policy.

## 5. What security measures are applied to protect Personal Data?

The security of your data and the safety of other Users is very important to us. We have taken technical and organizational measures to protect your Personal Data against loss or any illegal processing. We have implemented the following measures: protection of our servers through firewalls, SSL connections and encryption of sensitive data. This list is not exhaustive.

## 6. Liability limits for third parties

Our service may contain hyperlinks to the services and products offered by third parties and / or to the websites or services of partners, advertisers, and other third parties.

The parties do not have any control or influence on the content, websites or services of these third parties. Different privacy policies may apply for the use of third party websites and services. This Privacy Statement only relates to the Personal Data obtained by the parties for your own use of the Service. The parties do not assume any responsibility for the content, practices or operation of third-party websites and services.

## 7. Viewing and Deleting Personal Data

You can send a request to contact us via email or delete the personal information collected using the application. You may be asked to provide additional information to verify your identity.

## 8. Children's privacy

Personal information about children is not intentional or deliberate.

## 9. Security

Measures are taken to ensure the security of your personal information, to minimize the risk of damage, loss of information and unauthorized access or use of information. However,

these measures do not provide absolute information security. Therefore, efforts are made to ensure the security of your personal information, but this is not guaranteed and you cannot reasonably expect that the Application and related databases will be free of any unfair behavior, malfunction, unauthorized obstacles or access or other misuse and abuse.

## 10. Changes to this Privacy Statement

This Statement can be updated at any time. The Parties shall publish an updated version of the Privacy Statement through the Service. The parties recommend that you check this page from time to time to be aware of any changes to this Privacy Statement and to be informed about how the parties will protect your Personal Data. It is your responsibility to periodically review this Privacy Statement and to be informed about the updates.

You agree to be bound by any of the changes to this Statement. Your continued use of the Application after the change comes into force will indicate that you accept the amended Notice. If you do not agree to the Modified Notice, you must remove the Application and avoid using it further.

## 11. What will you do if you have any questions or comments?

If you have any questions or comments regarding this Privacy Notice, please contact us by sending an email to [yeksancansu@gmail.com](mailto:yeksancansu@gmail.com).
